

SCORE Campaign to Congress

Frequently Asked Questions

SCORE needs Congress to be aware of the impact our volunteers make, and what better way to do this than to hear directly from those impacted every day by our Mission and Values! The provided platform takes out the guesswork of who to contact and the time to find the correct contact information. This makes us able to focus on our message, as opposed to spending time gathering contact information.

We hope you will join us in our campaign to show Congress the breadth and depth of SCORE's impact from Broadway to Main Street.

Why is SCORE sending out this communication?

SCORE is beginning a grassroots campaign to provide our volunteers and clients with a streamlined process to message their respective political representatives on SCORE's impact on their lives and communities.

Why is certain information required?

The platform in use requires all fields in the submission form to correctly route your message to your respective political representatives.

Why did I receive this email?

You received this email from SCORE because you are either an Active Volunteer or have received SCORE services, including, but not limited to, mentoring and educational webinars.

Should we send the advocacy link to our clients?

We ask that you only send the advocacy information to clients you are currently mentoring. Please do not send a bulk email through your Constant Contact accounts, as we will do this from our side.

How else can I help?

Please consider signing SCORE's Dear Colleague Letter of Support and advocating for SCORE's funding to the Financial Services and General Government Subcommittee.
